Dear Sirs,

AIOS - Italian Scientific Society of Sterilization Operators, which is already a member of the WFHSS organization, proposes its candidacy to join the Executive Committee of WFHSS.

What drives us to this honorable your initiative is the motivation for which AIOS gives always acts, that is professional growth through the training of Central operators Sterilization and the continuous comparison with other companies in the sector.

In fact, the best contest is the global one, where each state can bring technological and operational innovations.

Therefore, the undersigned Antonio Mancini, vice president of the Scientific Society, having heard the opinion of the AIOS board, proposes the candidacy of the president, dott. Agostino Inglese, with the intention of acting as a spokesperson for all members of the Scientific Society, with courses in continuous training and communication through the media available.

In the end I want to point out that AIOS is an independent, no profit Scientific Society, as well as its legal representatives; it does not carry out any entrepreneurial activity or participate in it, even carry out trade union protection for members.

Thank you for your consideration and we look forward to your reply.

Yours faithfully. Antonio Mancini

Molfetta, 4 agosto 2022

Dr. Antonio Mancini
Vice President of the Scientific Society AIOS
