Re : Letter of Motivation

Date : August 8, 2022

Sir/ Madame,

Good Day,

I'm writing this motivation letter to express how enthusiastic I am to work with your organization as a Executive Committee representing asian region. I've always had a strong passion for the organization's selfless efforts. I'm here to express my steadfast desire to join the organization as a member of the WFHSS Executive Committee. I also have a fair amount of technical and scientific competence in the subject of sterilization.

I became a member of PACSSM (Philippine Association of Central Sterilization and Services Management In.) in 2009 and currently serve as its president, and i am a Peri operative nurse for 15 years and noe I am the Infection Control Department Manager who's working closely with the OR and the CSSD as part of the Triangular of Safety in Reprocessing in the Hospital.

As an officer of a national organization for 13 years, I believe that i contributed in the policies and procedures of PACSSM and it helped the nation's processes become more standardized and gaves human welfare among healthcare workers who works in the sterilization process across various places of the country.

I'm concluding my letter with the humble request to be part of the WFHSS Executive Committee. I believe my strong will of serving the WFHSS will be taken care of by the noble vision of the organization.

Thank you.

Arnefelina S. Tamayo, MSN,MAN, RN
PACSSM, President
