Application to join the Executive Committee of WFHSS

**Dear members of the Executive Committee/ General Assembly**

My name is Susanna Lisma and I am applying to join the Executive Committee of WFHSS. I graduated from the University of Tampere in the year of 2016 with a Master's degree in Health Sciences. Currently I am pursuing another Master's degree in Economics and Business Administration with my focus on leadership and knowledge management. Along with my studies, I hold over 20 years of experience working in the field of health care services.

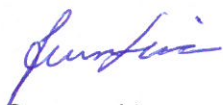

I would love to work in the Executive Committee because of my passion for high quality sterilization services. I am especially interested in the WFHSS's established work and continuous pursuit in harmonizing and implementing best practices and guidelines for sterilization departments. Being a member of the Finnish National Committee, I am very excited for the possibility to get involved in an international network of professionals, broaden my horizon and exchange information.

I feel I would be an asset to the Executive Committee and WFHSS, because my specialties are risk management and knowledge leadership. My skills also include competence development, operational and strategic planning which I have developed through my education and work experience. I have a drive to continue taking new challenges and I would love to do more research in my areas of interest.

I am hopeful that you are convinced that I can be an asset to WFHSS and the Executive Committee. Thank you for taking the time to review my application. Please find my CV attached to this letter to find details on my experience and skills. Please contact me at [susanna.lisma@pshp.fi](mailto:susanna.lisma@pshp.fi) if you have any additional questions for me or tel: + 358444729423.

Looking forward to hearing from you and hoping to become a part of the Executive Committee.

Sincerely,

Susanna Lisma

Chief of Service, Head of CSSD
