

Dear who the recipient is that has requested this letter

Subject: Dr. Ahmed Baggashi role as President of MENA_FHSS.

Date : 03.07.2024

Dr. Ahmed Baggashi as an Executive Committee (EC) member of the MENA-FHSS association. As the President of the MENA-FHSS association, I have had the privilege of working closely with Dr. Ahmed Baggashi and witnessing his exceptional dedication and commitment to furthering the objectives of the Scientific Committee. On behalf of the entire board of MENA-FHSS.

Dr. Ahmed Baggashi demonstrates exemplary leadership skills in directing the members of the committee and coordinating their efforts to achieve the objectives of the Scientific Committee. He possesses the ability to determine meeting agendas and ensure their effective conduct, facilitating productive discussions and decision-making processes within the committee. Not to mention his ability to discuss topics in different languages.

Dr. Ahmed Baggashi excels in communicating with members, encouraging active participation and eliciting constructive contributions from all stakeholders. He provides invaluable guidance and technical advice to the Media Committee and other members on scientific topics, ensuring their accuracy and quality before publication. His role in representing the scientific committee in external entities, as well as participating in scientific seminars and events tirelessly and globally, this highlights his commitment to advancing the field of science and research.

Dr. Ahmed Baggashi is dedicated to reviewing reports and research prepared by the committee, ensuring their accuracy and quality to uphold the standards of the Scientific Committee. He actively collaborates with members and concerned parties to develop and implement scientific and research plans effectively, fostering a culture of innovation and excellence within the committee.

Additionally, Dr. Ahmed Baggashi is responsible for submitting periodic reports to higher authorities regarding the activities of the Scientific Committee, evaluating its performance, and updating plans to drive continuous improvement. He works tirelessly to enhance scientific cooperation and communication with relevant authorities, striving for development and progress in the scientific field that the committee is concerned with.

Sincerely,

Eng.Ala Eddine Maatoug

Ms.Amani Hawsawi

**Vice - president for North
Africa**
