

**Federation of Sterilizing
Research and Advisory
Councils of Australia**

15th of July 2024

To Whom It May Concern & WFHSS EC,

I am writing on behalf of the FSRACA Committee, on the 8th & 9th of March 2024 FSRACA held their annual face to face meeting. At this meeting the committee formally supported and endorsed David Bellamy in their application for a position on the WFHSS Executive Committee.

David Bellamy has served as President of FSRACA since February 2019 and still holds the position, succeeding the early outgoing president.

David has been an exemplary leader and advocate for our organization, demonstrating unparalleled commitment and expertise in the field of sterilization and infection control.

David has consistently demonstrated their ability to lead with integrity, innovation, and a collaborative spirit. Their strategic vision and dedication to advancing our field make them an ideal candidate for the WFHSS Executive Committee. We believe that David's participation at the international level will not only enhance the impact of WFHSS but also bring valuable insights and perspectives from our region.

We strongly support Davids application and are confident that their skills, experience, and passion for excellence will contribute significantly to the goals and initiatives of the WFHSS Executive Committee.

Thank you for considering David's application. Should you require any further information, please do not hesitate to contact us.

Yours sincerely,

Tracey Worthington
FSRACA Secretary

Yours sincerely,

David Bellamy
FSRACA President
