Dear Mrs Christine Denis

On behalf of the The Danish Society for Sterilization, I am writing you this letter to confirm the support of associate professor Karin Bundgaard on her application to be a member fo the Executive Committee in WHFSS for the effective, from the autumn of 2024 to autumn 2028.

The Danish Society for Sterilization will like to recognizes associate professor Bundgaards work and research within the field of Sterilization. Especially her latest study in how transportation and storage environment before reprocessing affect the cleanliness and quality of instruments.

Her findings have been presented on the WHFSS congress in Brussels 2023 and on the upcoming congress in Santiago.

Sincerely,

Morten Winther

President

The Danish Society for Sterilization
