Dear Dr. Christine Denis,

I am writing to express my interest and formally apply for the appointment to a position as Executive Committee of WFHSS Member. I have had the opportunity to closely observe the WFHSS and attend WFHSS congress over time and have been inspired by the great impact it has had on Sterilization field.

I have worked as the Chief of Infection Control Department cum Chief of CSSD for more than 20 years at a tertiary care in Vietnam. I have experiences of working as Infectious diseases specialist for 10 years and has been working as hospital epidemiologist, infection control, sterilization consultant for more than 25 years. I am participating in the National Writing Committee to develop guidelines and policies for the Ministry of Health. I have been chief investigator for many important researches in sterilization, infection control, hospital epidemiology, risk and patient safety.
