

Makki-Kekhia Co.
Professional Hygiene Technology

ABOUT US

Makki-kekha was established in 1989 in Aleppo-SYRIA and is considered one of the oldest companies in Syria that focused on producing and importing cleaning & disinfecting products.

Products of Makki-Kekhia Co. became more diversified after gaining trust of all end users (local & foreign) and due to availing specialized cleaning and disinfecting products according to GMP and WHO recommendations, requested by Health, Tourism, Alimentary and Veterinary sectors relying on the newest technology and on the most modern laboratories.

ABOUT US

Due to the expansion of business and Makki-Kekhia's commitment to fulfill the requests of its clients and to provide the best after sales service possible, its office in Damascus was inaugurated in 1996, in Beirut in 1999 and in Lattakia in 2014.

Due to new developments and requirements in hygiene and disinfection standards, and Makki-Kekhia's concern to be one step ahead of the competition we became the sole and exclusive agents for the following companies:
