

【科学灭菌、无菌护航、开放‘供’赢】第十届世界灭菌科学日消供开放日暨送课

下基层专题培训活动在成都市双流区第一人民医院（四川大学华西空港医院）

成功举办

Scientific Sterilization · Ensuring Safety · Open CSSD · Shared Excellence
10th International Day of Sterilisation Sciences: CSSD Open Day Event was successfully held at The First People's Hospital of Shuangliu District, West China (Airport) Hospital Sichuan University

2026年04月10日，第十届世界灭菌科学日如期而至。由成都市双流区第一人民医院（四川大学华西空港医院）主办，成都市消毒供应医疗质量控制中心、成都市消毒协会、中国卫生监督协会消毒与感染控制专业委员会基层医疗机构消毒供应工作组、双流区消毒供应医疗质量控制中心联合协办的第十届世界灭菌科学日·消供开放日暨送课下基层专题培训活动在成都市双流区第一人民医院（四川大学华西空港医院）成功举办。

On April 10, 2026, the 10th International Day of Sterilisation Sciences was held as scheduled, which was hosted by The First People's Hospital of Shuangliu District, West China (Airport) Hospital Sichuan University, and co-organized by the Chengdu CSSD Quality Control Center, Chengdu Disinfection Association, CSSD Professional Committee of the Sichuan Tianfu New Area Medical Exchange Promotion Association, Sterilization and Infection Control Professional Committee of the China Health Inspection Association, CSSD Working Group for Primary Healthcare Institutions, and the Shuangliu District Medical Quality Control Center for Central Supply.

本次活动以“科学灭菌 无菌护航 开放‘供’赢”为理念，面向全区各级医疗机构，搭建区域消毒供应专业交流、精准帮扶、质量共进的优质平台。全区70余家基层医疗机构消供管理骨干共计81人齐聚现场，共探灭菌科学前沿，共守医疗安全防线。

This event, based on the concept of "Scientific Sterilization, Ensuring Safety, Open CSSD, Shared Excellence," aimed to build a high-quality platform for professional exchange, precise assistance, and quality improvement in regional CSSD for medical institutions at all levels throughout the district. More than 81 key personnel from over 70 grassroots medical institutions, responsible for CSSD management, gathered at the event to explore the sterilization science and jointly safeguard medical safety.

开幕式

Opening Ceremony

本次活动由双流区第一人民医院消毒供应中心护士长杨欣主持。成都市消毒供应医疗质量控制中心业务主任刘瞰、业务副主任马静、武侯区消毒供应质控中心主任毛媛；双流区消毒供应质控中心主任袁大仙，青白江区消毒供应质控中心主任包敬华，大邑县消毒供应质控中心主任但丽娟，市质控中心专职秘书姚兰，医院副院长魏强，护理部副主任陈莉，院感科科长肖冬梅等专家莅临。

The event was hosted by Yang Xin, Head Nurse of the CSSD of The First People's Hospital of Shuangliu District. Experts present included Business Director Liu Tun, and Deputy Business Director Ma Jing of Chengdu CSSD Quality Control Center; Mao Yuan, Director of Wuhou District CSSD Quality Control Center; Yuan Daxian, Director of Shuangliu District CSSD Quality Control Center; Bao Jinghua, Director of Qingbaijiang District CSSD Quality Control Center; Dan Lijuan, Director of Dayi County CSSD Quality Control Center; Yao Lan, Full-time Secretary of Chengdu Quality Control Center; Wei Qiang, Vice President of the hospital; Chen Li, Deputy Director of the Nursing Department; and Xiao Dongmei, Head of the Infection Control Department.

会上魏强副院长及成都市消毒供应质控中心业务副主任马静重点强调，消毒供应中心是医院医疗安全的“隐形生命线”，是守护患者就医安全、筑牢院感防线的第一道重要关卡，各消供人要高度重视灭菌质量对患者安全的重要性，严格落实行业标准及感控措施。

At the meeting, Vice President Wei Qiang and Deputy Director Ma Jing emphasized that the CSSD is the "invisible lifeline" of medical safety, and the first crucial line of defense in protecting patient safety and strengthening infection control. All CSSD personnel must highly value the importance of sterilization quality for patient safety and strictly implement industry standards and infection control measures.

专题授课

Lectures

专题授课环节，马静主任讲授《患者安全在消毒供应中心的落实》，包敬华主任为我们讲解《复用器械预处理》，袁大仙主任为我们带来《复用医疗器械清洗与质量管理》，通过专家团队紧扣消毒供应质控难点、院感风险管控、标准化流程落地、基层能力提升等核心内容，开展精准化、干货满满的专业赋能，把先进管理经验、规范操作标准送到基层一线，助力区域消供专业同质化、高质量发展。

During the lectures session, Director Ma Jing spoke on "Implementing Patient Safety in the CSSD," Director Bao Jinghua explained "Pre-treatment of Reusable Medical Devices," and Director Yuan Daxian presented on "Cleaning and Quality Management of Reusable Medical Devices." The expert team focused on core topics such as the challenges of CSSD quality control, infection risk management, standardized process implementation, and capacity building at the grassroots level, providing precise and practical professional empowerment. This delivered advanced management experience and standardized operating procedures to the front lines, contributing to the homogenization and high-quality development of the regional CSSD.

实地交流

On-site Exchange

理论赋能之后，参会一行人走进医院消毒供应中心，开启消供开放日实地参观交流。大家全程深入了解器械回收、清洗、消毒、灭菌、监测、储存发放的全闭环精细化管理流程，近距离感受每一个环节严苛的质控标准，围绕日常工作痛点、流程优化、质量持续改进等问题深度研讨、互学互鉴。

Following the theoretical empowerment, the participants visited the CSSD for an open day tour and exchange. Participants gained a comprehensive understanding of the closed-loop, meticulous management process for instrument collection, cleaning, disinfection, sterilization, monitoring, storage, and distribution. They experienced firsthand the stringent quality control standards at each stage and engaged in in-depth discussions and mutual learning regarding pain points in daily work, process optimization, and continuous quality improvement.

此次活动，既是对世界灭菌科学日理念的深度践行，也是一次区域专业资源的联动聚力。未来，医院将持续发挥龙头辐射与示范引领作用，深耕消供质控精细化管理，常态化开展基层帮扶与学术共享，以科学专业的灭菌技术、严谨规范的质控体系，为辖区群众就医安全保驾护航，持续推动区域消毒供应事业迈向更高水平！

This event not only deeply embodied the spirit of WFHSS Sterilization Science but also served as a powerful platform for the collaborative efforts of regional professional resources. Moving forward, the hospital will continue to leverage its leading and exemplary role, deeply cultivate meticulous management of sterilization supply quality control, and regularly conduct grassroots support and academic sharing. With scientific and professional sterilization techniques and a rigorous and standardized quality control system, the hospital will safeguard the medical safety of residents in the region and continuously promote the regional sterilization supply industry to a higher level!
