世界灭菌科学日开篇寄语

Opening Message for the International Day of Sterilisation Sciences

消毒供应中心(CSSD)作为医院感染控制的核心阵地、医疗质量安全的关键防线，被誉为“隐形心脏”。作为全院可重复使用医疗器械的“处理中枢”，消毒供应中心每日承担器械回收、清洗、消毒、灭菌等工作，是守护患者安全的第一道无菌防线。

The Central Sterile Supply Department (CSSD) is a cornerstone of infection prevention and control and a key safeguard for healthcare quality and patient safety. Often described as the hospital's "invisible heart," it serves as the central hub for processing all reusable medical devices. Each day, the CSSD is responsible for instrument collection, cleaning, disinfection, and sterilization—forming a critical sterile barrier for patient safety.

凝心聚力，赴无菌之约

United in purpose, Committed to sterility

每年4月10日为世界医院灭菌科学联盟(WFHSS)设立的“世界灭菌科学日”。为响应WFHSS倡议及中华护理学会号召，扎实做好消毒供应专业科普，提升全院院感防控意识，安徽医科大学第二附属医院消毒供应中心于4月10日上午，以“科学灭菌·无菌护航·开放‘供’赢”为主题举办开放日活动，搭建沟通桥梁，邀请临床同仁共探无菌奥秘、共筑医疗与病人安全屏障。

The World Federation for Hospital Sterilisation Sciences (WFHSS) establishes the International Day of Sterilisation Sciences on April 10. In response to the initiatives from WFHSS and the Chinese Nursing Association, and to strengthen public education in sterile processing and enhance awareness of infection prevention and control, the CSSD of the Second Affiliated

Hospital of Anhui Medical University held an Open Day event on the morning of April 10. Under the theme “Scientific Sterilization • Ensuring Safety • Open CSSD, Shared Excellence”, the event aimed to build a platform for communication, bringing together clinical colleagues to gain insights into sterile processing and to promote safer care for patients.

本次开放日活动在护理部指导下，由消毒供应中心精心筹备。护理部主任杨锡瑶到场指导，21位各临床科室护士长及骨干护士参与交流。活动伊始，消毒供应中心护士长王光辉致辞，立足医院运营全局，点明 CSSD “无菌中枢” 的重要价值，阐述活动初衷与目标，并宣布活动正式启幕。

The Open Day was organized by the CSSD under the guidance of the Nursing Department. Director Yang Xiyao attended to provide on-site support. A total of 21 head nurses and key nursing staff from various clinical departments participated in the event. The program opened with a speech from Wang Guanghui, Head Nurse of the CSSD, who highlighted the department’s role as the hospital’s sterile processing hub. He outlined the purpose and objectives of the event and officially declared it open.

以专业之力，守无菌底线

**Expertise in Practice: Upholding Sterile Standards**

### 深度解读 Deep Dive

消毒供应中心护士长王光辉通过短视频回顾科室发展历程，以“视频+PPT”形式详细讲解器械回收、清洗消毒、检查包装、灭菌存放、发放等全流程规范，同时介绍活动背景与流程，强调院感防控要求，让大家直观感受消供工作的严谨专业。

Through a short video presentation, Wang Guanghui reviewed the development of the department. Using both video and slides, he guided participants through the full workflow of instrument reprocessing, including collection, cleaning and disinfection, inspection and packaging, sterilization, storage, and distribution. He also outlined the background and agenda of the event, with a focus on key principles of infection prevention and control. The presentation offered participants a clear understanding of the precision and professionalism embedded in CSSD practice.

#### 走进消供现场，解锁无菌密码

##### **Inside the CSSD: Exploring Sterile Processing in Practice**

理论讲解结束后，护理同仁在工作人员的引导下，步入去污区、检查包装区、无菌物品存放区等核心区域，近距离观摩器械处理的全流程。

After the theoretical session, participants were guided to key functional areas, including the decontamination area, inspection and packaging area, and sterile storage area, where they observed the full instrument reprocessing workflow at close range.

**沉浸式体验:**

**Immersive Experience:**

工作人员现场答疑并邀请实操体验，让临床护理同仁沉浸式感受灭菌工作的细致与严谨。

Staff members provided real-time explanations and invited hands-on participation, allowing clinical staff to experience the meticulous sterile supply processes.

以开放促交流，以专业护安康

**Collaboration for Safer Care**

交流共进 共促 “供” 赢发展

**Working Together for Mutual Success in CSSD Services**

## 结语

### Conclusion

欢声笑语聚共识，交流互鉴促成长，本次开放日活动圆满画上句号。前路漫漫，安徽医科大学第二附属医院消毒供应中心将继续坚守无菌核心准则，淬炼专业、升级服务，持续加强临床协同协作，携手并肩守住医疗质量安全关口，以匠心与责任护佑每一位患者健康。

The event concluded in a warm and engaging atmosphere, marked by meaningful discussions and shared insights. Looking ahead, the CSSD of the Second Affiliated Hospital of Anhui Medical University will continue to uphold the highest standards of sterility, strengthen professional expertise, and enhance service quality. Through closer collaboration with clinical teams, the department remains committed to safeguarding healthcare quality and ensuring patient safety with dedication and responsibility.
