### Mission statement 宗旨

The WFHSS dedicates itself to the promotion of the worldwide harmonization of sterilization departments and of decontamination practices especially by providing:

医院灭菌科学世界联盟 (WFHSS) 致力于推动全球消毒供应中心的同步发展, 推动去污实践的进步, 尤其是通过下列方式:

- a meeting place for national and regional non-profit sterilization societies, thus stimulating cooperation and the exchange of information and best practices;
- 将各国各地区非营利性灭菌协会汇聚在一起, 从而实现相互协作, 互相交流信息和最佳实践;
- information via its website to all our stakeholders and interested parties.
- WFHSS官网信息对所有的会员和相关组织开放

医院灭菌科学世界联盟(World Federation for Hospital Sterilization Sciences, WFHSS)设立4月10日为“世界灭菌科学日”, 号召这一天全球的医院消毒供应中心对外开放, 致力于宣传器械再处理的全过程以及相关灭菌科学知识。

In response to the call of WFSS to allow more people to enter the "mysterious CSSD", on April 2, the CSSD of Anqing Municipal Hospital launched an open house event with the theme of "Bridging Communication for CSSD; Sharing Knowledge for Patient Health".

We had the honor to invite directors of clinical departments, head nurses, and leaders of logistic department to participate.

The visitors visited the Decontamination Area, Inspection Packaging and Sterilization Area, and Sterile Storage Area. The visitors had a detailed understanding of the cleaning, disinfection, inspection and care, packaging, sterilization and storage of sterile instruments, utensils and items.

Through the open day activity, effective communication and mutual understanding between departments have been increased. At the same time, requirements are put forward for the CSSD staff to prevent infections and ensure patient safety.
