

Conflict of Interest Disclosure Statement

With regard to my candidature as a board member of the WFHSS, I have the following potential conflict of interest to report:

I am personally affiliated with a person working currently as specialist for science & application of medical device reprocessing for the company Belimed (Switzerland).

However, I declare that this will not influence the objectivity and independence of my role for the WFHSS.

I hereby confirm that the disclosure made above are complete and correct to the best of my information and belief.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Cinthia Vera Fuentes", is written over a horizontal line. The signature is stylized and cursive.

Cinthia Vera Fuentes
