Subject: Letter of designation for the candidacy of Harry Oussoren on behalf the Netherlands to join the Executive Committee of WFHSS

Dear Dr. Christine Denis

We hereby declare that both the Dutch association of Experts in Sterile Medical Devices and the association on Sterilization fully supports the designation of Harry Oussoren to call for the application to join the Executive Committee of WFHSS on behalf of the Netherlands.

We not only strongly support the candidacy of Harry; we truly believe that he will be the perfect candidate for this post.

Harry is involved in the world of cleaning, disinfection and sterilization since 2009, has a lot of knowledge in this field, has the capacity of sharing this knowledge, is internationally well-known and has built a big network, both by the people that run the departments in the hospitals as in the industry.

With kind regards

Harry Oussoren  
President of the VDSMH  
The Netherlands

Tom Pereboom  
President of the SVN  
The Netherlands
