世界医院灭菌科学联盟(WFHSS)号召全球的消毒供应中心在每年的 4 月 10 日对外开放。2023 年的这一天我们消毒供应人迎来了第七个属于我们的专属节日--世界灭菌科学日。

The World Federation for Hospital Sterilisation Sciences (WFHSS) calls on the global CSSDs to open their doors. In 2023, we celebrate the 7th International Day of Sterilisation Sciences.

2023 年 4 月 13 日，为了响医院灭菌科学世界联盟(WFHSS)的号召，增进消毒供应与临床彼此间的理解与协作，更好地服务临床，由四川大学华西医院龙泉医院主办、中国卫生监督协会消毒与感染控制专业委员会基层医疗机构消毒供应学组协办的以“沟通协作 共筑安全”为主题的第七届世界灭菌科学日，消供开放日活动在四川大学华西医院龙泉医院消毒供应中心拉开了帷幕。

To actively respond to the call of WFHSS, on 13 April 2023, an Open Day event with the theme of “Communication and cooperation, Building patient safety together” was held by the West China Longquan Hospital Sichuan University. It was co-organized by the Primary Level Sterile Supply Study Group of the Disinfection and Infection Control Committee of the China Health Supervision Association. This event aims to strengthen understanding and collaboration between the CSSD and clinical departments and provide better services to clinical departments.

消毒供应中心护士长赵春就医院消毒供应中心的布局、人员结构、科室发展现状做了详细介绍，让大家对医院消毒供应中心有一个整体的认识。

The head nurse of the CSSD, Zhao Chun, gave a detailed introduction to the layout, personnel, and current development of the CSSD, providing everyone with an overall understanding of the hospital's CSSD.

护士长赵春进行科室介绍 Zhao Chun is giving a brief introduction

黄浩教授以“新时代消毒供应学科发展新内涵”为题，从消毒供应学科所面临的机遇和挑战，以及该背景下该怎样建设，如何发展等方面出发，就消毒供应学科建设的现状和未来发展方向进行了精彩讲座。她强调，区域化医疗消毒供应中心是未来的发展趋势，鼓励我院应充分发挥龙泉驿区的区位优势，紧抓医联体建设的历史契机，加强消毒供应专科建设，推动区域医院消毒供应事业的整体发展。同时也为消毒供应中心工作人员的个人提升和发展指明了方向。

Huang Hao gave a lecture on the current situation and future development of the sterile supply. She talked about the opportunities and challenges faced by the CSSD in the new era, as well as how to build and develop it. She emphasized that the regionalization of the CSSD is the future trend, encouraged us to fully take

advantages of our location, seized the historical opportunity of integrated healthcare system, and strengthened the construction of the discipline of sterile supply to promote the overall development of sterile supply in the Longquanyi District. At the same time, she pointed out the direction for the personal improvement and development of the staff of the CSSD.

接着，进行了多部门沟通座谈会，院感科杨俊华主任，内镜中心等多部门代表针对外消服务，外来医疗器械及植入物管理及内镜的处置等环节中存在的问题及困惑一一向黄浩教授、江东总经理、郑淑文护士长进行了请教及深入的讨论。Then, a multi-departmental communication session was held. Director Yang Junhua of the Infection Control Department and representatives from multiple departments such as the Endoscopy Center, sought advice from Huang Hao, Jiang Dong, and Zheng Shuwen regarding the problems and confusions in the management of loaned medical devices and implants, as well as the reprocessing of endoscopes.

现场探讨深入热烈 The in-depth and heated discussion

会场外，我院消毒供应中心还特意布置了三个展台，分别展示了清洗、消毒、灭菌、监测等耗材及相关的手术器械。通过专业讲解和实物展示等方式，让临床科室老师及外消服务单位的同仁们，更加深入地了解消毒供应的工作内容及标准等知识。

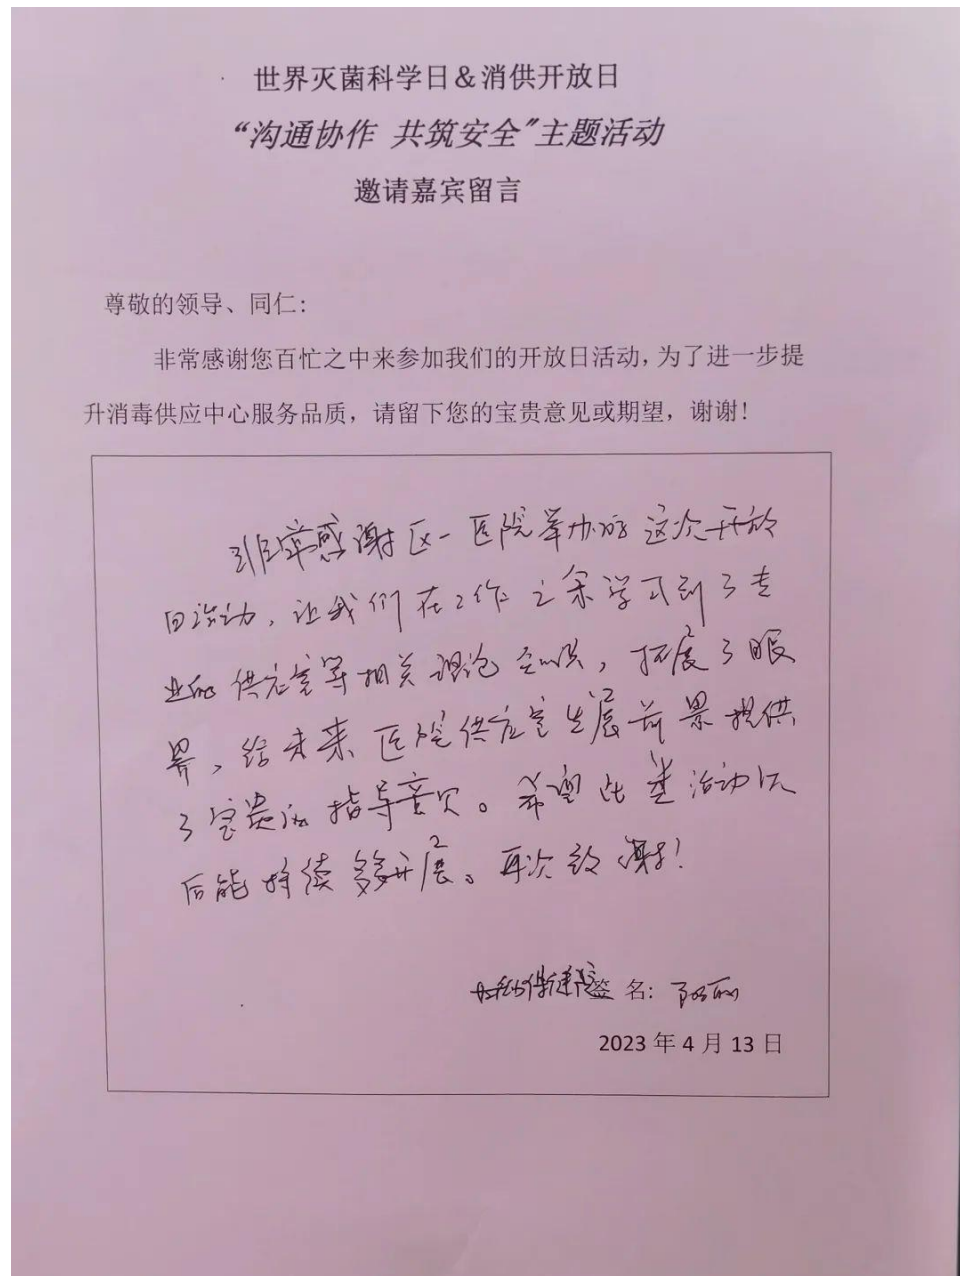

We specially arranged three exhibition tables, displaying the materials used in cleaning, disinfection, sterilization and monitoring, as well as related surgical instruments. Through professional explanations and displays, guests gained a better understanding of the work content and standards of the CSSD.

吴宁勇副书记对此活动的举办给予了高度评价，对华西专家的莅临指导致以诚挚感谢。他表示，消毒供应在医院感染管理工作中至关重要，直接关系到医院的医疗质量和医患双方的生命健康安全。希望通过此次开放日活动，能进一步增进消毒供应中心与各临床科室、外消服务单位之间沟通与协作，推动该项事业的健康发展，共同筑牢区域医疗健康事业的安全屏障。

Wu Ningyong gave high praise to this event and expressed sincere gratitude to the experts for their visit and guidance. He stated that the CSSD is crucial in hospital infection control, directly affecting the medical quality of the hospital and the safety of both doctors and patients. He hoped that through this Open Day event, the CSSD can further enhance communication and collaboration with clinical departments and CSSD facilities, promote the development of sterile supply, and jointly build a safety barrier for regional healthcare.
