Princess Alexandra Hospital

WSD 2019

Meet our team

"As the PAH is the biggest public hospital in QLD, every day is busy with many cases such as Neuro, Orthopaedics, Spinal etc. The work duties can be tough sometimes just with how physically demanding they are but at the end of the day I feel an overwhelming sense of achievement knowing that our team has contributed to a patients successful operation. Our NUM always supports her staff in her ability to make the workflow easier. Overall, I love working at PAH in CSSD."

Toriati, CSD Reprocessing Specialist, PAH

Meet our team

"I am continually learning new things and am amazed about all the aspects of my job and how it plays a part in providing excellent patient care at the PA Hospital."

Maria, CSD Reprocessing Specialist, PAH

CSSD

Meet our team

"I love how CSSD trains students, graduates and new nurses. It is a thorough training which allows us to showcase why CSSD is one of the most important core departments in the Hospital. Our team is multi-cultural and I enjoy learning about my co-workers' cultures and traditions."

Libeth, CSD Reprocessing Specialist, PAH

Meet our team

"What I look forward to the most about coming into CSSD is seeing all the staff. They are like my second family."
